**Petition To Correct Filing Date and
Request for Correction of Filing Receipt**

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant petitions to correct filing date in the above-referenced application under 37 C.F.R. §1.10(c) from October 3, 2000 to *October 2, 2000*.

The return receipt postcard and Filing Receipt display the incorrect filing date of October 3, 2000 for the above-referenced application. Specifically on October 2, 2000, Applicant filed, via Express Mail Certificate No. EL 501 634 175 US, the following documents: the Application specification (87 pages); executed Declaration and Power of Attorney; Transmittal of Sequence Listing; Recordation Form Cover Sheet with executed Assignment; Transmittal of Verified Statement with executed Verified Statement for Antex Biologics, Inc.; patent application fee sheet; and Utility Patent Application Transmittal.

On December 29, 2000 promptly after Applicant received the Filing Receipt, Applicant filed a petition to correct filing date and request for correction of filing receipt to the United States Patent and Trademark Office ("USPTO"). However, the filing date has never been corrected.

Applicant hereby submits the following documents in support of this Petition to Correct the Filing Date and Request for Correction of Filing Receipt.

(A) Copies of the Utility Patent Application Transmittal and the Utility Application Fee Sheet dated October 2, 2000, listing the documents filed and indicating the Express Mail No. EL 501 634 175 US are attached as Exhibit A;

(B) A copy of the Express Mail Certification signed by Pennie & Edmonds' employee, Anthony Ali, indicating that the Express Mail No. of EL 501 634 175 US was stamped on the list of submissions to the USPTO from Pennie & Edmonds for the date October 2, 2000, is attached as Exhibit B (note that confidential information regarding documents filed in connection with other applications has been redacted);

(C) A copy of the "Post Office to Addressee Express Mail receipt," which is addressed to "Assistant Commissioner for Patents, Washington, D.C. 20231," showing a "date-in" filed of October 2, 2000, and bearing a United States Post Office stamp verifying October 2, 2000 as the date of deposit with the United States Postal Service, and indicating Express Mail No. EL 501 634 175 US is attached as Exhibit C;

(D) A copy of the return receipt post card incorrectly stamped with the date October 3, 2000 as the filing date, with the error highlighted, is attached as Exhibit D;

(E) A copy of the Filing Receipt incorrectly identifying October 3, 2000 as the filing date for the application, with the error highlighted and the correct date is indicated in red ink, is attached as Exhibit E;

(F) A copy of the Petition to Correct Filing Date and Request for Correction of Filing Receipt dated December 29, 2000, is attached as Exhibit F; and

(G) A copy of the return receipt post card stamped with the date December 29, 2000 as the filing date of the petition, is attached as Exhibit G.

As demonstrated in attached Exhibits F and G, Applicant diligently sought to correct the filing date and official filing receipt, as required under 37 C.F.R. §1.10(c)(1).

Based on the documents provided herewith, Applicant petitions that the above-referenced application should be accorded a filing date of October 2, 2000.

Applicant hereby requests that a corrected Official Filing Receipt be issued and sent to the undersigned representative. Specifically, the following correction to the Official Filing Receipt is requested: Under Filing Date, please delete "10/03/2000" and insert therefor --10/02/2000--. In support of the above request is this Petition to Correct Filing Date with Exhibits A through G, and a marked-up copy of the instant Official Filing Receipt (Exhibit E) is enclosed with the corrected date indicated in red ink. It is requested that a corrected Official Filing Receipt be issued, and sent to the undersigned at the earliest possible time.

Since the error in the filing date and on the Filing Receipt appears to be on the part of USPTO, no fee additional should be charged applicants for this paper. However, should the Patent Office determine otherwise, as fees required therefor are hereby authorized to be charged to our Deposit Account No. 19 0036.

Prompt consideration of this Petition is respectfully requested.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:

**PETITION TO CORRECT FILING DATE AND
REQUEST FOR CORRECTION OF FILING RECEIPT**

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicant has received a date stamped return receipt postcard for documents filed in connection with filing the above-identified application and a Filing Receipt, also in connection with the filing of the above-identified application. This return receipt postcard and Filing Receipt all bear an incorrect filing date of October 3, 2000 for the above-identified application. In particular, on October 2, 2000, Applicant filed, via Express Mail Certificate No. EL 501 634 175 US, the following documents: the Application specification (87 pages, including abstract, plus Table of Contents and fourteen (14) sheets of seven (7) figures); executed Declaration and Power of Attorney; Transmittal of Sequence Listing (with sequence listing in computer readable and paper copy forms); Recordation Form Cover Sheet with executed Assignment; Transmittal of Verified Statement with executed Verified Statement for Antex Biologics, Inc.; Patent Application fee sheet; and Utility Patent Application Transmittal.

Applicants respectfully petition under 37 C.F.R. § 1.10(c) that the filing date be corrected from October 3, 2000, the indicated date of receipt of the above-listed papers by the United States Patent and Trademark Office ("USPTO"), to October 2, 2000, the date of deposit of the above-listed papers as "Express Mail" with the United States Postal Service pursuant to 37 C.F.R. § 1.10. Applicants also hereby request correction of the Filing Receipt, the original and copy of which are included herewith (copy attached as Exhibit E).

Applicants submit the following documents in support of this Petition to Correct the Filing Date and Request for Correction of Filing Receipt:

- (a) Copies of the Utility Patent Application Transmittal and the Utility Application Fee Sheet dated October 2, 2000, listing the documents filed and indicating the Express Mail No. EL 501 634 175 US, are attached as Exhibit A;
- (b) A copy of the Express Mail Certification signed by Pennie & Edmonds' employee, Anthony Ali, indicating that the Express Mail No. of EL 501 634 175 US was stamped on the list of submissions to the USPTO from Pennie & Edmonds for the date October 2, 2000, and indicating that the above-listed documents for docket no. 7969-087 were submitted on October 2, 2000, is attached as Exhibit B (note that confidential information regarding documents filed in connection with other applications has been redacted);
- (c) A copy of the "Post Office to Addressee Express Mail receipt", which is addressed to "Assistant Commissioner for Patents, Washington, D.C. 20231," showing a "date-in" field of October 2, 2000, and bearing a United States Post Office stamp verifying October 2, 2000 as the date of deposit with the United States Postal Service, and indicating Express Mail No. EL 501 634 175 US is attached as Exhibit C;
- (d) A copy of the return receipt post card incorrectly stamped with the date October 3, 2000 as the filing date, with the error highlighted, is attached as Exhibit D;
- (e) A copy of the Filing Receipt incorrectly identifying October 3, 2000 as the filing date for the Application, with the error highlighted and the correct date is indicated in red ink, is attached as Exhibit E.

The papers listed above as filed in connection with the above-identified application, together with other unrelated papers from the office of attorneys for the Applicants, were placed in one "Express Mail" box, the entire contents of which are identified in the table attached as Exhibit B. In a header to this table, Anthony Ali certifies that the papers listed therein were deposited as "Express Mail Post Office to Addressee" with the United States Postal Service on October 2, 2000 with "Express Mail" label No. EL 501 634

175 US and addressed to "Assistant Commissioner for Patents, Washington, D.C. 20231." The first entry on the second page of the table lists the papers submitted in connection with the above-identified application. The "+" sign in the next to last column signifies that Anthony Ali personally checked the "Express Mail" package for the presence of these papers and for presence of the correct "Express Mail" number on each paper. Additionally, both the transmittal and fee sheet in Exhibit A and the return receipt post card in Exhibit D bear the same Express Mail No. EL 501 634 175 US as the Post Office to Addressee Express Mail receipt in Exhibit C. Receipt of the above-identified papers in the USPTO was acknowledged by return of the postcard receipt, provided as Exhibit D.

Accordingly, Applicants respectfully submit that they have shown a discrepancy between the filing date accorded by the USPTO to the above-identified papers and the date of deposit as shown by the "date-in" on the "Express Mail" mailing label bearing the same Express Mail number as on the papers or fees that constitute the correspondence and since all the requirements of 37 C.F.R. §§ 1.10(a) and (c) have been complied with, the above-identified papers should be granted a filing date of October 2, 2000, the date of deposit of the above-identified papers as "Express Mail" with the United States Postal Service.

With respect to the correction of the Filing Receipt, as mentioned above, the original and one copy of the Official Filing Receipt for the above-captioned application are included herewith (the copy being attached as Exhibit E). Please note the error in the filing date highlighted on the copy. For the reasons provided above, the above-captioned application should be accorded a filing date of October 2, 2000, not October 3, 2000, as indicated on the Filing Receipt. Accordingly, Applicants request a corrected Filing Receipt that reflects the correct filing date of October 2, 2000.

Since the error in the filing date and on the Filing Receipt appears to be on the part of the Patent and Trademark Office, no fee additional should be charged Applicants for this paper. However, should the Patent Office determine otherwise, please charge the necessary fee to Pennie & Edmonds LLP deposit account no. 16-1150. A duplicate of this sheet is enclosed.

Respectfully submitted,
